Always in Our Hearts

CELEBRATING PRECIOUS MEMORIES OF

MAMA MERCY OJOGHO

SATURDAY, SEPTEMBER 19, 2026

LOS ANGELES, CALIFORNIA

WORDS OF *Welcome*

Greetings,

On behalf of the Ojogho family, I warmly welcome you to this Celebration of Life honoring our beloved **Mama Mercy Ojogho**.

Today, we gather with sorrow because we deeply miss her, but also with profound gratitude to God for the beautiful life she lived and the many years we were blessed to share with her.

Mama's life reflected **love, faith, compassion, service, and devotion to family.** As a mother and grandmother, she gave us wisdom, strength, and unconditional love. As a **Nurse Midwife**, she extended that same care to countless families, helping bring new life into the world and leaving a lasting impact on those she served. Her compassion also became an early inspiration for my own journey into medicine.

We are deeply grateful for your presence, prayers, kindness, and support. As we celebrate Mama today, may we remember not only that she lived, but how beautifully she lived—**loving deeply, serving selflessly, and giving generously of herself.**

Thank you for joining us in honoring her remarkable life and enduring legacy.

May Mama Mercy Ojogho's gentle soul rest in perfect and eternal peace. **Amen.**

With heartfelt gratitude,

Okechukwu "OK" Ojogho, MD, MMM, FACS

For and on behalf of the Ojogho Family

HONORING

Mama's Beautiful Journey

All five children with Mama, from left to right:
Dr. Okey, Chris, Pat Nne, Mama, Nene, and Uzoma.

Mama,

YOUR LOVE WILL FOREVER LIVE IN US

Mama, you may not be physically present here with us but your presence will forever be a part of me.

Mama, we love you and the entire family is missing you.

Your love for us was immeasurable, invaluable and precious. Your love for me and my siblings had a special tenderness that words cannot explain.

You gave, sacrificed, endured, reassured and stood by us no matter what. You were undeniably a great pillar of strength and support that we all needed in our lives. Your love for us became the foundation of who we are today. You will forever have our love and gratitude.

Mama, your legacy lives on through those whose lives you have positively impacted, not only in your personal life but equally in your professional practice as a registered nurse/midwife. You dedicated your life to serving people mostly in the rural communities for decades. I can confidently claim that you saved so many lives and delivered enough babies to fill up a township.

Mama, thank you for believing in me.
Thank you for every school fee, every sacrifice, every prayer, every expression of love and support.

Although it is hard for me, but I am saying good night mama, until we meet again. I may not be able to touch nor speak with you in the physical world but your love will always remain with me for as long as it is possible.

Thank you mama for everything.

Rest Peacefully.

Your Daughter
Mrs. Nne Osuji.

Mama,

My First Inspiration and Forever in My Heart

Mama,
I'm thinking of you everyday and everyday everything around me reminds me of your presence in my life, more so now than ever. Whether I'm at home expecting you to walk through your bedroom door calling my name, or staring at the kitchen where you always made us nutritious meals, or, as if on queue with my thoughts, my phone will flash pictures of you reflecting the timeless memories of your love and affectionate devotion.

As a mother, I could not have asked God for a better blessing. You were everything I could have wished for or needed— a devoted, loving mother and grandmother, a mentor, best teacher, and above all, someone who was always there for us regardless of the circumstances.

You gave meaning to life through love and caring for others, including the numerous families you impacted throughout your professional career as a Nurse Midwife, delivering their sons and daughters.

At a very early age, my motivation for becoming a physician came from watching you care for your patients with incredible compassion and dedication.

Mama, our love for you will always remain strong and unparalleled just as yours was.

May your soul rest in eternal peace, in Jesus name I pray, Amen!

OKECHUKWU "OK" OJOGHO, MD, MMM, FACS

Mama,
You Left the World Brighter

Family, friends, and all who loved her,

Today, we gather with heavy hearts but deep gratitude to celebrate the extraordinary life of our Mama. On May 18, 2026, at the age of 89, she left this world—but she left it brighter, kinder, and fuller of love because she was in it.

To her five children, Mama was our safe harbor, our comfort, and our guiding light. Her love was unconditional, her strength gentle, and her patience endless. She taught us through her life what it meant to care for others, to sacrifice, and to love deeply.

For decades, Mama served as a nurse and midwife, bringing countless babies safely into the world and comforting families with compassion and steady hands. Her profession was more than a career; it was an extension of her loving and caring nature.

We miss her quiet wisdom, her laughter, her warm meals, and the simple way she made everyday moments special. Though she is no longer physically with us, the values she instilled and the love she gave continue to guide us.

Mama lived 89 beautiful years and leaves behind a lasting legacy in her children, grandchildren, great-grandchildren, patients, and the many families whose lives she touched.

Thank you, Mama, for every sacrifice, every prayer, and every act of love. We will honor you by loving one another, showing kindness, and carrying your light forward.

Rest peacefully, our sweet Mama.

We love you beyond words and will carry you in our hearts always.

Until we meet again.

Uzoma

Mama,
We're Still Together

Mama I am lonely without you. I miss you so much. life seems strange without you. you and I lived together for so many years and we developed the strongest bond any two people can ever form. In a soccer game, they will call us 5 & 6 because of how well we understand each other. we did everything together. from watching tv shows, to eating dinners together and to telling stories about everything going on in the world.

You were the perfect mother for me. I can't thank you enough for all the sacrifices that you made to raise me. God will give you everlasting peace in Jesus name I pray.

I think of you every minute. I can't seem to forget when you were sick and I was holding your hands and you looked me right in my eyes and told me " ENYI as you always called me....YOU ARE ALWAYS WITH ME "you said to me; and I said YES ALWAYS.

I love you mom. we're still together. Rest peacefully mama.
Everything is okay. That was always my favorite words to you..... everything is okay.
I love you mom

Chris

Mama,

YOUR LOVE LIVES ON THROUGH GENERATIONS

From my sister

Comfort Nene Nwankpa

Mama, I can say two things that are very true. One, the English dictionaries lack the words to describe how I truly feel. Two, I benefited greatly from your love ❤️, wisdom, and warmth more than my siblings because when everybody was grown and gone, it was just me and you. Late nights and early morning conversations were always golden and formed the foundation of the able woman I became. I see you 👀 in me, my daughters and now my one granddaughter. You may be gone but, not forever, because there's always something special to remind me of you. I'm most grateful to God for allowing you and me the space to share love and care for 4 months, nursing you and loving you in every way love dictated. You left because that time does come for everybody to go but, I remain blessed, thankful and grateful that God gave us His blessings to give and take love 💞 from each other. I cry everyday because I love you and miss you but, I feel fulfilled every day because I know that I was placed next to you to return love and care.

You will remain indelible in the memory of all who benefited from your care, kindness and professionalism in your days as a nurse and midwife. You saved many babies and their mothers and God used you as a vessel to extensively bless others. I guess life does really come to an end but, yours was indeed a fulfillment in its nature. You lived for more than 89 years to behold your grand children and your great grandchildren. Folks don't buy such blessings with money 💰. You gave life itself your best and you in turn got a measurable blast 💥 out of life.

I will always love and miss you forever. God called you when He felt it was your time, which I can't contest.

Good night, my sweet angel Mama.

NENE.

Mama Mercy Ojogho

A Life Well Lived.

Mama Mercy Ojogho lived a beautiful and remarkable life for 89 years.

Chris, your care, kindness, selflessness, and unwavering love for your mother was remarkable and a bond that death can never erase.

Although her passing leaves a deep void, we are grateful for the long and meaningful life she lived and for the love and care she gave so generously.

Mama Mercy, your legacy will live on through your children, grandchildren, and generations to come.

Rest peacefully, Mama Mercy Ojogho. 🕊️💐

Our Sincere Condolences to our dear friend Chris Ojogho (Ogbun'igwe!!) and the Entire family.

From the UKO's Nation:

Celebrating Mama's Legacy

May GOD give you and your entire family strength, peace, and comfort in the days ahead.

Though mama may no longer be with us in person, her love will continue to live through you and everyone whose life she touched.

Just a little reminder with occasion like while scrolling through my gallery seeing you and your siblings and her grandson combing through Santa Monica Beach, Vegas and San Diego.

Many more but to mention a few. Her LEGACY is reflected in the person you are and the LOVE and values she instilled in you and your entire family.

Forever cherished.
